CHARLES BRAMBLE CAME OUT SECOND BEST IN FIGHT.

IN OWLS' CLUB ROOMS

Movis and Jim Conklin Were Other Fighters—Billiard and Pool Cues, Balls and a Razor Were Used.

A fight took place Saturday night about ten o'clock in the Owls club rooms in which billiard and pool cues, pool balls and a razor were used, the fighters being Charles Bramble, Movis and Jim Conklin. Bramble came out of the contest much badly beaten and cut up. He was taken to Dr. Will Wallis, Jr., office and his bruises and injuries consisted of a broken arm, several cuts on the face, a cut on the head and a bruise on the back of the neck. It was said that he was hit with a pool ball right above the eye, breaking an artery.

There seems to be several different stories as to how the fight started. Bramble, who is 51 years and quite a police character for his fighting qualities, and has a tendency to be somewhat of a bully, was drinking Saturday night. He is not a member of the Owls in good standing, and had been forbidden to enter their club rooms. But this did not seem to keep him away as he entered the club and the fight took place soon after, the Conklin boys saying that Bramble had started it. Anyway, pool balls, cues and a razor were the instruments used, the razor being found in the rooms soon after the fight. Some said that the razor belongs to Bramble. Cues were broken and the rooms presented an appearance as if a tornado had struck it.

As Bramble came out of the rooms, he fell down the steps and some seem to think his arm was broken in the fall. He was picked up and taken to a physician at once. His conditions was much better Monday and he was able to be up and around.

The Conklin boys, it is said, were playing a game of pool when Bramble came in. There were only one or two witnesses to the fight, so far as could be learned.

The Conklin boys were arrested Sunday and were held for investigation under bond to appear before Justice R. L. McDougal on Friday. Bail was given in each case of \$100.

Vice-President Thomas E. Marshall told one on himself when he was in Indianapolis recently.

"We were attending some sort of a function in a town in North Carolina—Mrs. Marshall and I," he said.

"There was a convention of railway engineers in progress there. At the railway station we were noticed by the leader of a band of about fifteen engineers and he immediately came across the platform to greet me. I shook hands with all of the men but one, who remained on the other side of the platform.

"Finally the leader of the crowd spied him.

"Hey, Jim, come over here and shake hands with the vice-president," he said.

"Jim leisurely came over and shook hands.

"Then he turned to his partner.

"What'd you say his name was?" he asked.

Thanksgiving.

Let's be thankful this Thanksgiving For the higher cost of living, For by that we may be taught to Live as simply as we ought to.

Let us feel devoutly thankful That we're not coin by the bankful, Let us raise a joyous rumpus, For the income tax won't bump us.

Though some little cares may vex us, We who live far north of Texas, Let us sing and play pianos, Glad we are not Mexicanos.

Though our fires we have to kindle, Though our coal piles swiftly dwindle, Let's recall, and be not churlly, We've still time for shopping early.

Yea, though worries oft enshroud us, Think how many blessings crowd us, Count 'em on your toes and fingers, Then let's give three welkin ringers.

Jessie Writes Her Thanks.

Saturday's news about the wedding at the White House is this:

It is a lot of fun to get loads and loads of wedding gifts, like Miss Jessie Wilson, the White House bride-elect, but the other side of the story has gone until tonight.

Then it leaked out that Miss Wilson is doing a marathon task of thanking personally every one of the givers. With a pile of neat little note paper, a pen and ink and a big sheaf of envelopes she is trying her level best to keep up with the stream of presents. Her answers are short and gracious, but the task is tremendous.

While Miss Wilson was engaged in this work this afternoon, the bridegroom-elect, Francis B. Sayre, betook himself to one of Washington's most fashionable boot shops, purchased a high priced pair of shoes and then went to a book store, presumably to replenish the stationery stock for the gift answers.

The next to last touches for the wedding were put on the White House today when the wedding date was placed (Continued on page 4.)

METERS

When ever you turn on a light or attach a heating device such as an iron, toaster or heating pad to your electric circuit the meter runs and registers, even though same is on but a moment. Remember this, and whenever you are not using a light or other electrical device turn off or disconnect same. This is the season of the year when electrical consumption is at its heaviest. The days are short, often dark and cloudy and people spend more evenings at home. Electricity makes these evenings more cheerful and is worth its cost, but careful management will make that cost reasonable, where carelessness will make it excessive. Often the arrangements of your lights or switches will account for heavy bills, as will also the use of the old style carbon lamp. Meters can and do get out of order at times, and we are pleased to rectify any inaccuracies, but large bills are seldom the fault of the meter. We will be more than pleased at any time to assist anyone in accounting for large bills and could perhaps make suggestions which would result in a considerable saving to you in current.

Mazda Lamps will more than pay their first cost in a short time. Small size only 35c now.

BEFORE REBELS**

General Villa Asserts Federals
Are in Retreat.

HIS FORCES DO NOT FOLLOW.

Prisoner Captured by Rebel Chieftain Says Federals Without Food—Federals Locked in Boxcars at Night to Stop Desertion.

El Paso, Nov. 24.—Pancho Villa, rebel chieftain, returned to Juarez from the front.

General Villa's army did not return to the captured Mexican border city with him, but he declared his men were bivouacked thirteen miles south of Juarez in a battle line twelve miles long, extending from east to west. Fifteen hundred rebels remain in Juarez.

There would have been a battle at the point where his army is now waiting, the rebel leader declares, had the federals not retreated on his approach. After fighting with his men, under Rodolfo Fierro, General Villa said that the federals had reached within eighteen miles of Juarez, only to retreat hastily when they saw his army coming out to meet them. How far back they went, he says he does not know, as he did not follow.

General Villa returned to Juarez after spending the night in the field and says he came back to send food south to his fighters and that he will rejoin them at once. If the federals do not come forward and attack, he declares, they will soon be starved out, "as they have no means of getting food, the railroad being cut south of Chihuahua." He declares that a deserter from the federals, whom he captured told him that the federals had no food, had not been paid in a month and have to be locked in boxcars at night to keep them from running away.

General Villa stated positively that he would never surrender Juarez and that the only way the federals can get it is "over my dead body." He reiterated that there would be no danger to residents of Juarez or El Paso, in the event of a fight, as his army would not come back closer to Juarez than it is at present and that his men would have to be killed where they are before the federals could get in.

HUERTA VIEWS BULL FIGHT

Occupies Box Close to Arena and Applauds Champion Matador.

Mexico City, Nov. 24.—General Huerta attended the bull fight. Accompanied by only two members of his staff, but guarded by a score of detectives, the president entered the bull ring here where 2,000 persons had gathered to see Guano, Mexico's greatest matador, inaugurate the season.

General Huerta occupied a box close to the arena. The band played the national hymn as he entered and the people rose to their feet, but there was no cheering. The president appeared cheerful and applauded the matador.

President Huerta seemed convinced that the United States would not take more drastic measures toward the Mexican government than those already taken.

It has been rumored that congress would not continue to meet; that it would be automatically dissolved and that General Huerta was about to quit office. All these have been disproved. Congress has launched into what promises to be a prolonged session. It is expected that today it will take up the ratification or nullification of the presidential elections. It is understood these will be annulled, that new elections will be called and that President Huerta will remain at the head of affairs.

According to his intimates no one realizes more fully than General Huerta the desperate straits of his government, but he has reiterated his intention of pounding away at his enemies until he or they have won. At the national palace the idea of intervention is scoffed at, and the suggestion of a blockade is received with skepticism.

General Huerta is facing a serious financial situation. The fact that the national treasury is practically empty is not hidden even from the most ignorant peon in the city.

Troops on Way to Quell Indian Revolt.

Albuquerque, N. M., Nov. 24.—Traveling in two special trains, four troops of the Twelfth United States cavalry, accompanied by a detachment of the hospital corps and a commissary wagon, passed through here on the way to Gallup, where the troops will detain and march 100 miles overland to Shiprock agency, on the Navajo reservation, to quell an incipient uprising among the Indian there.

Moderate Weather Coming.

Washington, Nov. 24.—Several more days of moderate weather with sunshine are in prospect for the country east of the Rocky mountains and the southwest, according to the weather forecast.

Spaniards and Moors Battle.

Elarish, Morocco, Nov. 24.—In a recent engagement between a Spanish column and Moors the Spanish lost thirty-two killed and wounded. The Moors' casualties were larger.

**FIVE-MINUTE CURE
IF STOMACH IS BAD**

When "Pape's Diapepsin" Reaches Stomach All Indigestion, Gas and Sourness Disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

**MONEY DEBATE
ON IN SENATE**

Owen Fires Opening Gun for
Administration Forces

BILL MAY PASS IN JANUARY.

Democratic Leaders of the Senate Are Hopeful They Can Get Legislation Through That Month—Long Special Session Ends Next Monday.

Washington, Nov. 24.—The currency debate, which opened with Senator Owen's speech today, will continue but three days this week and will be interrupted the following week for consideration of the Hetch Hetchy bill and later for the Christmas recess. When the consideration of currency legislation is resumed, Jan. 5, it is the plan of Democratic leaders to bring the senate as rapidly as possible to a decision upon the vital principles at issue between the various factions. Senator Hitchcock will speak following Senator Owen.

The long special session of congress promises to merge into the regular winter session with scarcely a ripple of interest in Washington. The promised activities along new lines, such as anti-trust and railroad legislation, probably will not manifest themselves until nearly next year.

The currency debate and all the legislative work that comes with a new regular session will be laid aside Dec. 20 for a full two weeks' vacation. President Wilson's determination to drop official duties during that period will insure a complete cessation of work at the capitol.

Details of the anti-trust program will not be pressed until after the success of the currency bill has become assured.

The long special session, which closes at noon next Monday, has accomplished the passage of but one big piece of legislation, the tariff revision bill.

Democratic leaders, however, are hopeful the currency bill can be passed in January.

KNABE MURDER TRIAL

Dr. Craig's Hearing on Charge of Killing Woman on This Week.

Indianapolis, Nov. 24.—Dr. William B. Craig, president of the Indiana Veterinary college, will be placed on trial at Shelbyville next Friday for the murder of Dr. Helen Knabe, who was one of the most prominent women in Indiana.

On the morning of Oct. 24, 1911, Dr. Knabe was found dead in her apartment with a deep wound in her throat. Life apparently had been extinct for several hours when the doctor's office girl, Miss Katherine McPherson, made the discovery.

Dr. Craig is alleged to have been positively identified by Harry W. Haskett as a man he met coming out of the arway between the Vendome flats and the Delaware apartments, where Dr. Knabe lived, shortly after 11 o'clock on the night of Oct. 23.

A bitter quarrel is alleged to have followed alleged attempts of Dr. Craig to end a relationship which had become objectionable to him.

BUILDING TRADES MEET

Delegates to Labor Convention Leaving Seattle for Homes.

Seattle, Nov. 24.—Desire to be home for Thanksgiving dinner caused most of the American Federation of Labor delegates to leave Seattle. Ten of the executive council of the federation met here today to take up urgent business referred to it by the convention. It is expected that most of the council members will go with President Gompers to California, to assist in settling the strike of the Pacific Gas and Electric company, involving the two wings of the Brotherhood of Electrical Workers.

The most important subject to come before the building trades department of the federation, which met in this city today, will be the war just declared by the federation on the Bricklayers', Brickmasons' and Plasterers' union, which is not affiliated with the federation and which has signed a contract with the Marble Dealers' association that infringes on the rights of the marble workers.

School Teacher Burns to Death.

Pierre, S. D., Nov. 24.—Rushing from the house a flaming torch, Miss May Dunlevy, a twenty-year-old teacher at Philip, was so badly burned before assistance could reach her that death followed after a night of suffering. The young woman was cleaning a coat with gasoline, when it ignited from a stove in an adjoining room and she was instantly ablaze.

French Strike Adjusted.

Douai, France, Nov. 24.—The great strike of miners in northern France was settled, the Association of Mine Proprietors agreeing to an eight-hour day until the bill fixing an eight-hour day for working men, which is now before the French parliament, is passed and promulgated.

Judge Allows Spencer More Time.

Chicago, Nov. 24.—Henry Spencer, convicted murderer of Mrs. Mildred Rexroat, was granted a week's continuance by Judge Mazzini Slusser at Wheaton, Ill., to present affidavits in support of his motion for a new trial.

How Her Little Girl Was Restored to Health.

Mrs. Chas. Schriefer of 139 Himrod St., Brooklyn, N. Y., says: "My little girl was frail, sickly and all run down after having had the grippe. I was advised to give her Vinol and after the first bottle noticed an improvement. She has taken four bottles and has picked up rapidly, having gained six pounds in three weeks."

The reason Vinol builds up weak, ailing children so quickly is because it contains in a delicious combination the two most world famed tonics—i.e., the strength creating, body building elements of cod liver oil, with all the useless grease eliminated, and tonic iron for the blood added. If you have a weak, puny, ailing child, try Vinol on our offer to return your money if it fails to benefit your little one. Orca-Henry Drug Co., Maryville, Mo.—Advertisement.

NEWS OF SOCIETY AND WOMEN'S CLUBS

(Continued from page 2.)

In the east room, the carpet was made ready and the arrangements were completed for placing the palms and flowers Monday.

Secretary of the Treasury McAdoo injected a mystery into the situation today by sending an enormous package as his gift. Speculation as to its contents ranged from an upright piano to a piece of mahogany furniture.

Attorney General McReynolds, the old bachelor in the cabinet, probably will send a huge bouquet. The "Economy Cook Book," full of good recipes, came today to Miss Wilson, along with countless other presents.

Just a touch of good finery and lace will be added to Tuesday's event despite the Wilson desire for simplicity, for the word went forth from the White House this afternoon that army and navy regalia will be expected and that diplomats shall wear their court uniforms. Just so that everything will run smoothly on Tuesday, the wedding party will go through a rehearsal Monday, probably in the early evening.

On Thursday a silver service, costing \$1,500, for Miss Jessie Wilson, as a wedding gift, was sent the bride-to-be as the gift of women voters of northern California. The service was given by subscription and is of old colonial design. Miss Wilson already has accepted the gift.

On the same day Miss Jessie received her \$2,000 gift from the house today. The sparkling diamond pendant resting in a satin lined jewel box with a tiny key dangling from its heart shaped lock, was taken to the White House by a member of the Washington jewelry firm which has been preparing the gift. The sentiment inscribed upon the parchment paper accompanying the gift read:

The representatives of the people in congress send this gift to Miss Jessie Woodrow Wilson, with their sincerest and best wishes, as an evidence of tender interest and hearty good will of all the people on the happy occasion of her marriage to Mr. Francis Bowe Sayre, November 25, 1913.

GRIDIRON FATALITIES LESS

Fourteen Deaths This Fall Against Fifteen Last Year.

Chicago, Nov. 24.—Fourteen players were killed and 175 were injured in football games in the season just closed. This record of casualties is only slightly below that of 1912, when fifteen players met death and 183 were injured.

These figures were compiled from press reports. The injured include only those who suffered broken bones, torn ligaments, severe strains and sprains and internal injuries.

Of the fourteen deaths, thirteen were due to injuries occurring this year. Charles Switzer, formerly a Hamline university player, died Nov. 17 at St. Paul, following a complication of diseases resulting from injuries several years ago. Other fatalities resulted, with few exceptions, from fractured skulls, broken necks or spinal injuries.

Only two university players were killed. Vernon Belvea of the Norwich (Conn.) varsity was thrown heavily in a game with Holy Cross and died three days later. Edward Morrissey, captain of St. Ambrose varsity, broke his leg Sept. 2 and died of blood poisoning.

The high school players who lost their lives were John Lewis of Cambridge, O.; Allen Feldman of Minneapolis; Maxine Dutton of Vermillion, S. D.; and William McCartney of Lawrence, Mo.

BUSY DAY AT THE WHITE HOUSE

All Plans for Wilson Wedding Completed.

Washington, Nov. 24.—The White House reflects the animation incident to the wedding of Miss Jessie Wilson and Francis B. Sayre, who are to be married there tomorrow. Carpenters completed the improvised altar in the east room, where the wedding service is to be read and decorators were at work on the other parts of the house where the guests are to promenade after the ceremony.

The White House itself is full of kinsfolk and the president and Mrs. Wilson will give a family dinner tonight.

Among the wedding gifts received at the White House was a live possum, addressed to President Wilson.

"We have noticed," wrote Dr. J. H. Wood of Roxie, Miss., "that you have been receiving possum without potatoes and potatoes without possum. Hoping that your potatoes have not been exhausted, we are sending you another possum. If you think it worth while turn him over to the zoo, but otherwise shroud him in yellow yams."

President Wilson had it shipped to the zoo.

CHANGES IN COMMERCE BODY

President to Appoint Three New Men on Interstate Commission.

Washington, Nov. 24.—President Wilson is expected to send to congress early in the regular session the nominations of three members of the interstate commerce commission.

There are seven members of the commission, so that the action the president will take is certain to have a large influence upon the future policy of the commission, with respect to railroad rate increases.

The vacancies which exist have been caused by the expiration of the term of Judson C. Clements of Alabama, the retirement of Charles A. Prouty of Vermont, in order to assume charge of railroad valuation, and the death of John H. Marble of California.

It is expected Mr. Clements will be reappointed. There are at least 150 applicants for the other vacancies. Among them are Milq Maltby and Martin Decker of the New York public service commission, D. O. Ives of Boston and Governor R. D. Glenn of North Carolina.

The president favors the appointment of Louis D. Brandeis of Boston and will name him if he will accept the post.

Bandit Hides in Mountains.

Salt Lake, Nov. 24.—Thirty peace officers have been searching for Ralph Lopez, the Mexican bandit who shot from ambush and killed three deputy sheriffs, but have been unable to come in contact with him. He was seen by a posse of citizens from Mercur crossing the mountain divide into that mining camp. He retraced his steps upon sighting the posse, and now is lodged in the fastness of the mountains. He is surrounded on every side.

Dr. Elam Waives Preliminary Hearing.

Kansas City, Nov. 24.—Dr. William T. Elam, the St. Joseph (Mo.) physician who shot and killed W. Putnam Cramer of Chicago, waived preliminary hearing and was bound over to the criminal court, formally charged with murder in the first degree.

Suffragists Have \$20,000.

New York, Nov. 24.—It is announced from the New York state suffrage headquarters that the \$20,000 required before the campaign for a suffrage victory in 1915 could be begun, has been raised.

Armenian-Greek Feud in Chicago.

Chicago, Nov. 24.—A deadly feud between Greeks and Armenians living in Chicago is believed to exist by the police. This theory was accepted when A. D. Kasparian, an Armenian laborer, was found dying in his lodgings of a bullet wound. It was only a week ago that a Greek, James Charapollis, was found dead in similar circumstances and in the same building.

Auto Bandits Busy in Omaha.

Omaha, Nov. 24.—Omaha had its first real experience with auto bandits last night, when two men, riding in a high power automobile, which it is believed, they had stolen, held up three different men as they passed places, all within an hour. One of the men, while attempting to escape, received a bullet in his left leg.

This story is credited to Bill Bowen of Atchison: A man entered a store and bought three cigars and lighted one.
"Lord, this is a rotten cigar," he screamed.
"Say, man, what are you complaining about?" replied the dealer. "You have only three of those cigars, and I have a thousand. Be reasonable."

CHARLES BRAMBLE CAME OUT SECOND BEST IN FIGHT.

IN OWLS' CLUB ROOMS

Mavis and Jim Conklin Were Other Fighters—Billiard and Pool Cues, Balls and a Razor Were Used.

A fight took place Saturday night about ten o'clock in the Owls club rooms in which billiard and pool cues, pool balls and a razor were used, the fighters being Charles Bramble and Mavis and Jim Conklin. Bramble came out of the contest much badly beaten and cut up. He was taken to Dr. Will Wallis, Jr., office and his bruises and injuries consisted of a broken arm, several cuts on the face, a cut on the head and a bruise on the back of the neck. It was said that he was hit with a pool ball right above the eye, breaking an artery.

There seems to be several different stories as to how the fight started. Bramble, who is 51 years and quite a police character for his fighting qualities, and has a tendency to be somewhat of a bully, was drinking Saturday night. He is not a member of the Owls in good standing, and had been forbidden to enter their club rooms. But this did not seem to keep him away as he entered the club and the fight took place soon after, the Conklin boys saying that Bramble had started it. Anyway, pool balls, cues and a razor were the instruments used, the razor being found in the rooms soon after the fight. Some said that the razor belongs to Bramble. Cues were broken and the rooms presented an appearance as if a tornado had struck it.

As Bramble came out of the rooms, he fell down the steps and some seem to think his arm was broken in the fall. He was picked up and taken to a physician at once. His conditions were much better Monday and he was able to be up and around.

The Conklin boys, it is said, were playing a game of pool when Bramble came in. There were only one or two witnesses to the fight, so far as could be learned.

Sunday and were held for investigation under bond to appear before Justice R. L. McDougal on Friday. Bail was given in each case of \$100.

WILL BUILD LARGE ELEVATOR

Shannon Grain Company of Kansas City to Erect a Large Grain Elevator at Conception.

Conception Junction is to have a large grain elevator and N. S. Shannon of the Shannon Grain company of Kansas City and his assistant, Mr. Lincoln; Charles Perry, first assistant to the vice president of the Great Western, and Lloyd Joden, division freight agent, were in that town the first of last week to locate the Shannon Grain company's elevator on their tracks, which will be built in the early spring. The Conception Junction Courier has the following to say in regard to it:

This company proposes to erect an elevator of sufficient size which will hold the product in store and give the farmer an all year round market. They will place a competent grain man here to handle the grain as it comes in and will keep an all year round market.

They will build four other elevators along the Great Western, and this point has been selected by these men as a desirable location. Together with their other elevators along the line they hope to concentrate the grain so as to be able to handle a large amount.

BOX SUPPER A BIG SUCCESS.

The One Held at Ravenwood by the School Children Took In Over \$99 —For Library Purposes.

The children of the Ravenwood school gave a box party at the opera house in that town on Saturday night, the proceeds amounting to \$94, which will be used for library purposes. The supper was attended by 500 people and a good many were turned away, as the opera house could not hold them. Nearly all of the teachers of Jackson township were in attendance at the supper.

The big hit of the evening's program was the novelty song, "The Champion Base Ball Nine," given by nine boys, all in base ball uniform. They sang in chorus while staging a base ball game. The one-act comedy play, "A Case of Suspension," was also well rendered. Miss Lillian Lawson won a beautiful "Lavalliere" as her box brought the most money. It brought in \$4.50.

Stella Lawson, a sister, won the prize for the little girl whose box brought the most money. It brought \$1.20 and she was given a ring.

The boxes of the grown-up girls averaged over \$1, and those of the children averaged 20 cents.

The Archers weigh all their corn over the scales, so there is no guess work about it.—Clyde Times.

Vice-President Thomas E. Marshall told one on himself when he was in Indianapolis recently.

"We were attending some sort of a function in a town in North Carolina—Mrs. Marshall and I," he said.

"There was a convention of railway engineers in progress there. At the railway station we were noticed by the leader of a band of about fifteen engineers and he immediately came across the platform to greet me. I shook hands with all of the men but one, who remained on the other side of the platform.

"Finally the leader of the crowd spied him.

"Hey, Jim, come over here and shake hands with the vice-president," he said.

"Jim leisurely came over and shook hands.

"Then he turned to his partner. "What'd you say his name was?" he asked.

"Marshall," said the other. "Vice-president of what?" queried Jim.—"Indianapolis News.

Thanksgiving.

Let's be thankful this Thanksgiving For the higher cost of living, For by that we may be taught to Live as simply as we ought to.

Let us feel devoutly thankful That we've not coin by the bankful, Let us raise a joyous rumpus, For the income tax won't bump us.

Though some little cares may vex us, We who live far north of Texas, Let us sing and play pianos, Glad we are not Mexicanos.

Though our fires we have to kindle, Though our coal piles swiftly dwindle, Let's recall, and be not churlly, We've still time for shopping early.

Yea, though worries oft enshroud us, Think how many blessings crowd us, Count 'em on your toes and fingers, Then let's give three welkin ringers.

During the dinner the host and hostess announced that the day was the twenty-sixth anniversary of their marriage, the first that the guests knew that the day was one of special significance other than the annual getting together of the two families. After dinner the company spent the afternoon out car riding, as there were enough cars on the ground to accommodate all.

While Mr. and Mrs. E. L. Andrews and Mary Louise were spending the day in Burlington Junction Sunday with their son, Roy Andrews, their sons at home, Charles and Leland Andrews, entertained their young men friends with a luncheon, preparing it themselves, with a little assistance from their guests. A magnificent Rhode Island Red rooster from their father's pedigree flock was slain and roasted and all the things added that go to make up a good chicken dinner. Homer Shipp made the Rocky mountain gravy and the hosts were assisted in serving the dinner by Cecil Sheldon. Music, both vocal and instrumental, was rendered by several of the guests, and a general good time enjoyed. Although Mrs. Greeson and family were so completely surprised they gave us a hearty welcome and deeply appreciated the sentiment of our visit with them.

We each join in wishing them a very happy and prosperous future in their new home.

Jessie Writes Her Thanks.

Saturday's news about the wedding at the White House is this:

It is a lot of fun to get loads and loads of wedding gifts, like Miss Jessie Wilson, the White House bride-elect, but the other side of the story has gone until tonight.

Then it leaked out that Miss Wilson is doing a marathon task of thanking personally every one of the givers. With a pile of neat little note paper, a pen and ink and a big sheaf of envelopes she is trying her level best to keep up with the stream of presents. Her answers are short and gracious, but the task is tremendous.

While Miss Wilson was engaged in this work this afternoon, the bridegroom-elect, Francis B. Sayre, betook himself to one of Washington's most fashionable boot shops, purchased a high priced pair of shoes and then went to a book store, presumably to replenish the stationery stock for the gift answers.

The next to last touches for the wedding were put on the White House today when the wedding dais was placed (Continued on page 4.)

METERS

When ever you turn on a light or attach a heating device such as an iron, toaster or heating pad to your electric circuit the meter runs and registers, even though same is on but a moment. Remember this, and whenever you are not using a light or other electrical device turn off or disconnect same. This is the season of the year when electrical consumption is at its heaviest. The days are short, often dark and cloudy and people spend more evenings at home. Electricity makes these evenings more cheerful and is worth its cost, but careful management will make that cost reasonable, where carelessness will make it excessive. Often the arrangements of your lights or switches will account for heavy bills, as will also the use of the old style carbon lamp. Meters can and do get out of order at times, and we are pleased to rectify any inaccuracies, but large bills are seldom the fault of the meter. We will be more than pleased at any time to assist anyone in accounting for large bills and could perhaps make suggestions which would result in a considerable saving to you in current.

Mazda Lamps will more than pay their first cost in a short time. Small size only 35c now.

FOE RETIRING BEFORE REBELS

General Villa Asserts Federals Are in Retreat.

HIS FORCES DO NOT FOLLOW.

Prisoner Captured by Rebel Chieftain Says Federals Without Food—Federals Locked in Boxcars at Night to Stop Desertion.

El Paso, Nov. 24.—Pancho Villa, rebel chieftain, returned to Juarez from the front.

General Villa's army did not return to the captured Mexican border city with him, but he declared his men were bivouacked thirteen miles south of Juarez in a battle line twelve miles long, extending from east to west. Fifteen hundred rebels remain in Juarez.

There would have been a battle at the point where his army is now waiting, the rebel leader declares, had the federals not retreated on his approach. After fighting with his men, under Rodolfo Fierro, General Villa said that the federals had reached within eighteen miles of Juarez, only to retreat hastily when they saw his army coming out to meet them. How far back they went, he says he does not know, as he did not follow.

Returns to Juarez.

General Villa returned to Juarez after spending the night in the field and says he came back to send food south to his fighters and that he will rejoin them at once. If the federals do not come forward and attack, he declares, they will soon be starved out, "as they have no means of getting food, the railroad being cut south of Chihuahua." He declares that a deserter from the federals, whom he captured told him that the federals had no food, had not been paid in a month and have to be locked in boxcars at night to keep them from running away.

General Villa stated positively that he would never surrender Juarez and that the only way the federals can get it is "over my dead body." He reiterated that there would be no danger to residents of Juarez or El Paso, in the event of a fight, as his army would not come back closer to Juarez than it is at present and that his men would have to be killed where they are before the federals could get in.

HUERTA VIEWS BULL FIGHT

Occupies Box Close to Arena and Applauds Champion Matador.

Mexico City, Nov. 24.—General Huerta attended the bull fight. Accompanied by only two members of his staff, but guarded by a score of detectives, the president entered the bull ring here where 2,000 persons had gathered to see Guano, Mexico's greatest matador, inaugurate the season.

General Huerta occupied a box close to the arena. The band played the national hymn as he entered and the people rose to their feet, but there was no cheering. The president appeared cheerful and applauded the matador.

President Huerta seemed convinced that the United States would not take more drastic measures toward the Mexican government than those already taken.

It has been rumored that congress would not continue to meet; that it would be automatically dissolved and that General Huerta was about to quit office. All these have been disproved. Congress has launched into what promises to be a prolonged session. It is expected that today it will take up the ratification or nullification of the presidential elections. It is understood these will be annulled, that new elections will be called and that President Huerta will remain at the head of affairs.

According to his intimates no one realizes more fully than General Huerta the desperate straits of his government, but he has reiterated his intention of pounding away at his enemies until he or they have won. At the national palace the idea of intervention is scoffed at, and the suggestion of a blockade is received with skepticism.

General Huerta is facing a serious financial situation. The fact that the national treasury is practically empty is not hidden even from the most ignorant peon in the city.

Froops on Way to Quell Indian Revolt.

Albuquerque, N. M., Nov. 24.—Traveling in two special trains, four troops of the Twelfth United States cavalry, accompanied by a detachment of the hospital corps and a commissary wagon, passed through here on the way to Gallup, where the troops will detain and march 100 miles overland to Shiprock agency, on the Navajo reservation, to quell an incipient uprising among the Indian there.

Moderate Weather Coming.

Washington, Nov. 24.—Several more days of moderate weather with sunshine are in prospect for the country east of the Rocky mountains and the southwest, according to the weather forecast.

Spaniards and Moors Battle.

Elarash, Morocco, Nov. 24.—In a recent engagement between a Spanish column and Moors the Spanish lost thirty-two killed and wounded. The Moors' casualties were larger.

FIVE-MINUTE CURE IF STOMACH IS BAD

When "Pape's Diapepsin" Reaches Stomach All Indigestion, Gas and Sourness Disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

The little girl will be taken to St. Francis hospital Monday evening for an operation. Mr. and Mrs. Rounds are at the home of Mr. and Mrs. T. F. Knox.

MONEY DEBATE ON IN SENATE

Owen Fires Opening Gun for Administration Forces

BILL MAY PASS IN JANUARY.

Democratic Leaders of the Senate Are Hopeful They Can Get Legislation Through That Month—Long Special Session Ends Next Monday.

Washington, Nov. 24.—The currency debate, which opened with Senator Owen's speech today, will continue but three days this week and will be interrupted the following week for consideration of the Hetch Hetchy bill and later for the Christmas recess. When the consideration of currency legislation is resumed, Jan. 5, it is the plan of Democratic leaders to bring the senate as rapidly as possible to a decision upon the vital principles at issue between the various factions. Senator Hitchcock will speak following Senator Owen.

The long special session of congress promises to merge into the regular winter session with scarcely a ripple of interest in Washington. The promised activities along new lines, such as anti-trust and railroad legislation, probably will not manifest themselves until nearly next year.

The currency debate and all the legislative work that comes with a new regular session will be laid aside Dec. 20 for a full two weeks' vacation. President Wilson's determination to drop official duties during that period will insure a complete cessation of work at the capital.

Details of the anti-trust program will not be pressed until after the success of the currency bill has become assured.

The long special session, which closes at noon next Monday, has accomplished the passage of but one big piece of legislation, the tariff revision bill.

Democratic leaders, however, are hopeful the currency bill can be passed in January.

KNABE MURDER TRIAL

Dr. Craig's Hearing on Charge of Killing Woman on This Week.

Indianapolis, Nov. 24.—Dr. William B. Craig, president of the Indiana Veterinary college, will be placed on trial at Shelbyville next Friday for the murder of Dr. Helen Knabe, who was one of the most prominent women in Indiana.

On the morning of Oct. 24, 1911, Dr. Knabe was found dead in her apartment with a deep wound in her throat. Life apparently had been extinct for several hours when the doctor's office girl, Miss Katherine McPherson, made the discovery.

Dr. Craig is alleged to have been positively identified by Harry W. Haskett as a man he met coming out of the arway between the Vendome flats and the Delaware apartments, where Dr. Knabe lived, shortly after 11 o'clock on the night of Oct. 23.

A bitter quarrel is alleged to have followed alleged attempts of Dr. Craig to end a relationship which had become objectionable to him.

BUILDING TRADES MEET

Delegates to Labor Convention Leaving Seattle for Homes.

Seattle, Nov. 24.—Desire to be home for Thanksgiving dinner caused most of the American Federation of Labor delegates to leave Seattle. Ten of the executive council of the federation met here today to take up urgent business referred to it by the convention. It is expected that most of the council members will go with President Gompers to California, to assist in settling the strike of the Pacific Gas and Electric company, involving the two wings of the Brotherhood of Electrical Workers.

The most important subject to come before the building trades department of the federation, which met in this city today, will be the war just declared by the federation on the Bricklayers', Brickmasons' and Plasterers' union, which is not affiliated with the federation and which has signed a contract with the Marble Dealers' association that infringes on the rights of the marble workers.

School Teacher Burns to Death.

Pierre, S. D., Nov. 24.—Rushing from the house a flaming torch, Miss May Dunlevy, a twenty-year-old teacher at Philip, was so badly burned before assistance could reach her that death followed after a night of suffering. The young woman was cleaning a coat with gasoline, when it ignited from a stove in an adjoining room and she was instantly ablaze.

French Strike Adjusted.

Douai, France, Nov. 24.—The great strike of miners in northern France was settled, the Association of Mine Proprietors agreeing to an eight-hour day until the bill fixing an eight-hour day for working men, which is now before the French parliament, is passed and promulgated.

Judge Allows Spencer More Time.

Chicago, Nov. 24.—Henry Spencer, convicted murderer of Mrs. Mildred Rexroat, was granted a week's continuance by Judge Mazzilli Slusser at Wheaton, Ill., to present affidavits in support of his motion for a new trial.

NEWS OF SOCIETY
AND WOMEN'S CLUBS

(Continued from page 2.)

In the east room, the carpet was made ready and the arrangements were completed for placing the palms and flowers Monday.

Secretary of the Treasury McAdoo injected a mystery into the situation today by sending an enormous package as his gift. Speculation as to its contents ranged from an upright piano to a piece of mahogany furniture.

Attorney General McReynolds, the old bachelor in the cabinet, probably will send a huge bouquet. The "Economy Cook Book," full of good recipes, came today to Miss Wilson, along with countless other presents.

Just a touch of good finery and lace will be added to Tuesday's event despite the Wilson desire for simplicity, for the word went forth from the White House this afternoon that army and navy regalia will be expected and that diplomats shall wear their court uniforms. Just so that everything will run smoothly on Tuesday, the wedding party will go through a rehearsal Monday, probably in the early evening.

On Thursday a silver service, costing \$1,500, for Miss Jessie Wilson, as a wedding gift, was sent the bride-to-be as the gift of women voters of northern California. The service was given by subscription and is of old colonial design. Miss Wilson already has accepted the gift.

On the same day Miss Jessie received her \$2,000 gift from the house today. The sparkling diamond pendant resting in a satin lined jewel box with a tiny key dangling from its heart shaped lock, was taken to the White House by a member of the Washington jewelry firm which has been preparing the gift. The sentiment inscribed upon the parchment paper accompanying the gift read:

The representatives of the people in congress send this gift to Miss Jessie Woodrow Wilson, with their sincerest and best wishes, as an evidence of tender interest and hearty good will of all the people on the happy occasion of her marriage to Mr. Francis Bowe Sayre, November 25, 1913.

GRIDIRON FATALITIES LESS

Fourteen Deaths This Fall Against Fifteen Last Year.

Chicago, Nov. 24.—Fourteen players were killed and 175 were injured in football games in the season just closed. This record of casualties is only slightly below that of 1912, when fifteen players met death and 183 were injured.

These figures were compiled from press reports. The injured include only those who suffered broken bones, torn ligaments, severe strains and sprains and internal injuries.

Of the fourteen deaths, thirteen were due to injuries occurring this year. Charles Switzer, formerly a Hamline university player, died Nov. 17 at St. Paul, following a complication of diseases resulting from injuries several years ago. Other fatalities resulted, with few exceptions, from fractured skulls, broken necks or spinal injuries.

Only two university players were killed. Vernon Belyea of the Norwich (Conn.) varsity was thrown heavily in a game with Holy Cross and died three days later. Edward Morrissey, captain of St. Ambrose varsity, broke his leg Sept. 2 and died of blood poisoning.

The high school players who lost their lives were John Lewis of Cambridge, O.; Alvin Feldman of Minneapolis; Martin Dorian of Vermillion, S. D.; and William McCartney of Lawrence, Kan.

BUSY DAY AT
THE WHITE HOUSE
All Plans for Wilson Wedding Completed.

Washington, Nov. 24.—The White House reflects the animation incident to the wedding of Miss Jessie Wilson and Francis B. Sayre, who are to be married there tomorrow. Carpenters completed the improvised altar in the east room, where the wedding service is to be read and decorators were at work on the other parts of the house where the guests are to promenade after the ceremony.

The White House itself is full of kinsfolk and the president and Mrs. Wilson will give a family dinner to-night.

Among the wedding gifts received at the White House was a live possum, addressed to President Wilson.

"We have noticed," wrote Dr. J. H. Wood of Roxie, Miss., "that you have been receiving possum without potatoes and potatoes without possum. Hoping that your potatoes have not been exhausted, we are sending you another possum. If you think it worth while turn him over to the zoo, but otherwise shroud him in yellow yams."

President Wilson had it shipped to the zoo.

CHANGES IN COMMERCE BODY

President to Appoint Three New Men on Interstate Commission.

Washington, Nov. 24.—President Wilson is expected to send to congress early in the regular session the nominations of three members of the interstate commerce commission.

There are seven members of the commission, so that the action the president will take is certain to have a large influence upon the future policy of the commission, with respect to railroad rate increases.

The vacancies which exist have been caused by the expiration of the term of Judson C. Clements of Alabama, the retirement of Charles A. Prouty of Vermont, in order to assume charge of railroad valuation, and the death of John H. Marble of California.

It is expected Mr. Clements will be reappointed. There are at least 150 applicants for the other vacancies. Among them are Mill Maltby and Martin Decker of the New York public service commission, D. O. Ives of Boston and Governor R. D. Glenn of North Carolina.

The president favors the appointment of Louis D. Brandeis of Boston and will name him if he will accept the post.

Bandit Hides in Mountains.

Salt Lake, Nov. 24.—Thirty peace officers have been searching for Ralph Lopez, the Mexican bandit who shot from ambush and killed three deputy sheriffs, but have been unable to come in contact with him. He was seen by a posse of citizens from Mercer crossing the mountain divide into that mining camp. He retraced his steps upon sighting the posse, and now is lodged in the fastness of the mountains. He is surrounded on every side.

Dr. Elam Waives Preliminary Hearing.

Kansas City, Nov. 24.—Dr. William T. Elam, the St. Joseph (Mo.) physician who shot and killed W. Putnam Cramer of Chicago, waived preliminary hearing and was bound over to the criminal court, formally charged with murder in the first degree.

Suffragists Have \$20,000.

New York, Nov. 24.—It is announced from the New York state suffrage headquarters that the \$20,000 required before the campaign for a suffrage victory in 1915 could be begun has been raised.

Armenian-Greek Feud in Chicago.

Chicago, Nov. 24.—A deadly feud between Greeks and Armenians living in Chicago is believed to exist by the police. This theory was accepted when A. D. Kasparian, an Armenian laborer, was found dying in his lodgings of a bullet wound. It was only a week ago that a Greek, James Charapalis, was found dead in similar circumstances and in the same building.

Auto Bandits Busy in Omaha.

Omaha, Nov. 24.—Omaha had its first real experience with auto bandits last night, when two men, riding in a high power automobile, which it is believed, they had stolen, held up three different men as many separate places, all within an hour. One of the men, while attempting to escape, received a bullet in his left leg.
